

A Lifetime of Fly Fishing Begins Now

Since the age of Confucius, anglers have been attaching feathers to hooks to fool fish. Why? Because it's fun!

This is your invitation to share in Vermont's great fly fishing tradition, and experience the thrill of learning to catch fish on the fly.

Camp Program:

* Campers will be introduced to the basics of fly fishing through a series of fun and engaging outdoor activities. Participants will learn from some of Vermont's most accomplished fly anglers and conservationists.

* Fly fishing skills covered will include casting, knot craft, fly selection and tying, reading the water, presentation and safe wading.

* Campers will learn about fish biology, fish habitat and stream ecology as well as aquatic entomology.

* We'll explore some of the issues around fishing etiquette and ethics, as well as the conservation issues facing our cold water fisheries. In addition, campers will have the opportunity to participate in a local TU conservation project.

* Campers will have ample opportunity to test their newly acquired skills while fishing the upper Connecticut River and nearby ponds, hopefully catching lots of fish!

Lodging & Meals:

Quimby Country is a family owned three season lodge, originally dating back to 1883. It is nestled in the heart of the Northeast Kingdom on the shores of Forest Lake. (www.quimbycountry.com).

Campers and Counselors will stay in Quimby's well kept 3 season cabins. Camp registration includes all meals, beginning with dinner on Sunday and ending with a BBQ lunch on Thursday (some lunches may be in the field).

Trout Camp Application

Camper Name: _____

Parent Name: _____

Date of Birth: _____

Address: _____

City: _____

State: _____ Zip: _____

Phone: _____

Parent Email: _____

Male

Female
